   - **No more than three (3) parent/guardian written excuses will be accepted per semester.**
   - Failure to provide a written explanation later than three (3) days from the date of the absence shall result in an unexcused absence.
   - As explained in the Dallas County Board of Education’s Attendance Policy, too many unexcused absences can result in a student not being promoted to the next grade or not receiving course credit.
   - For additional information see Attendance Policy

5. **Excused Absences**
   - Students must make up missed work within five (5) days after a return from an excused absence.

An adverse decision from the Superintendent may be appealed to the Board. Adopted 9/1/99

8. Early Dismissals/Checking Out

J. **GRADING**

1. **Grading Periods**
   ● There are four grading periods consisting of nine-weeks. Progress Reports are sent home mid-way through the grading period and report cards are sent home at the end of each grading period. Semester averages are given at the end of each semester and yearly averages will be derived at the end of the year. (See school calendar for Grading Period Calendar.)

2. **Grading System**
   ● The numerical determination of grades is as follows:

<table>
<thead>
<tr>
<th>Numerical</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90 – 100</td>
<td>A</td>
</tr>
<tr>
<td>70 – 79</td>
<td>C</td>
</tr>
<tr>
<td>59 or below</td>
<td>F</td>
</tr>
<tr>
<td>80 – 89</td>
<td>B</td>
</tr>
<tr>
<td>60 – 69</td>
<td>D</td>
</tr>
</tbody>
</table>

   The mark of “I” indicates that a student has not completed all required work during the grading period. The “I” must be converted into a regular mark within two weeks of the succeeding nine weeks period or it will automatically become an “F”.

3. **Parent Conferences**
   ● Parents should be informed at all times of their child’s academic status and behavior. In order to maintain this communication, folders containing graded papers are sent home weekly. Teachers are to inform parents of children performing below grade-level and encourage conferences during the year as the need arises.
   ● Parents must make appointments for conferences, which may not take place during instructional time. First and third nine weeks’ conferences are required by the Dallas County Board of Education.
• It is suggested that parents schedule conferences with principal as needed.

4. **Progress Reports**
   ● Progress Reports are given midway through the grading period, approximately 4½ weeks after the Nine Weeks begins. This communication should prohibit any surprises at the end of the grading period when report cards are issued. Parents are to sign and return these reports.

5. **Report Cards**
   ● Report cards are usually given out on the Thursday following the end of the grading period. They should be returned the following day, signed by a parent. A child must be present at least half of the grading period in order to receive a grade in a subject.

6. **Retention**
   ● Parents with children who may be repeating a grade should be aware of the possibility of retention by the third grading period. Parents are also strongly encouraged to maintain contact with teachers and to keep abreast of their child’s progress. The principal is always eager to hear parents’ concerns.

K. **HOMEWORK POLICY**
   ● Homework is assigned by all teachers and should provide a reasonable amount of practice on skills that have been previously covered in class. Homework should be completed by the student and turned in to the teacher on time. Homework counts as 10% of the grade.
   ● Suggestions to Parents:
     1. Establish a scheduled time to do homework so that children can get needed exercise and still get to bed on time.
     2. Provide a quiet place such as a table or desk with good lighting and all necessary materials, such as pencils, paper, dictionary, etc.
     3. The television should be turned off until all homework is complete and checked by parent(s).
     4. Parents should assist and oversee homework, yet the child needs to complete the assignments in order to learn the necessary material.

L. **PARENTAL INVOLVEMENT**
   ● It is our belief that parents are vital to a child’s success in school. There are many ways that you may become involved. We invite you to join the P.T.O to assist in fundraising and school improvement projects, to volunteer time in classrooms or the office, or to join advisory committees.
   ● Your child attends a TITLE I school which requires that a School-wide Plan is developed each year in order to meet the needs of each child enrolled. Therefore, we invite you to
join our School-wide Committee or our Parental Involvement Committee in order to provide input into our school.

- We have a Parental Involvement Chairperson who will be glad to offer ways that you may assist us. We welcome your ideas and contributions.

M. PROMOTION POLICY

- There are specific academic requirements outlined for promotion for each grade based on the Alabama State Courses of Study which can be found at http://www.alsde.edu/html/home.asp.    - The term “grievance” shall apply to matters which fall within the discretionary powers of the Principal or teacher, but shall not apply to areas where the Principal or teacher has no discretion to act. It is expected that most grievances will be resolved satisfactorily by the teacher or the Principal.    - After-school arrangements should be made before leaving home.
   - The office personnel will call parents in case of illness and teachers will call as the need arises.
   - Please leave a message in the office if you need to speak to a teacher and she will return your call, as instruction may not be interrupted.
   - Students will not be allowed to receive phone calls in the office unless approved by the principal.
20. **Weapons**
   - Any student bringing or having a gun or other dangerous weapon at school or any school function will be suspended immediately from school and recommended for expulsion. In addition to these actions, the local law enforcement agency will be notified immediately. [Memorandum #73]

21. **Fieldtrips**
   - Each grade will participate in a minimum of two fieldtrips per school year. Fieldtrips are utilized to enhance instruction and to provide real-world experiences for students.
   - For each scheduled fieldtrip, teachers will send information/permission slips home in a timely manner. Parents must return these slips and needed funds by designated due date.

Q. **TRANSPORTATION**

**BUS RULES AND REGULATIONS**
   - Our primary concern is the safety of all students who ride the bus. The bus driver has a very important responsibility and he/she should not be distracted by students’ improper behavior. School transportation shall be operated by the Board in accordance with applicable law and such rules and regulations as may be issued by the State Board of
Education. Students who are provided transportation services must abide by the rules and regulations set forth by the Dallas County Board of Education. This privilege may be suspended if the student fails to adhere to the following rules. Therefore, please discuss proper bus behavior, as outlined below, with your child.

1. Transportation services are a privilege, not a right.

2. Students must arrive at the school bus stop at least **10 minutes before** the bus is scheduled to arrive.

3. Be aware that bus drivers are not required to wait on students if they are not at their designated bus stop.

4. Parents, guardians or responsible adults of Pre-K children are required to be at the bus stop when the child is picked up and/or dropped off.

5. Parents and students must remain at least **10-15 feet away** from the roadway while waiting on the school bus.

6. Parents or guardians are not allowed to board the bus for any reason.

7. There will be no transportation provided for students wishing to go to another address for occasional visits, parties, extracurricular activities or other social events.

8. Only students living along a bus route will be assigned to the bus serving that route. Other students will not be allowed to ride unless written permission is obtained from the appropriate transportation personnel.

9. If a student misses the bus at their assigned stop, they should find other means of transportation to school on that occasion and never chase a bus down to another stop. This creates a very dangerous situation for the student which could result in serious injury. Chasing a bus down to board at another stop may result in a bus suspension.
10. All requests for a new/changed bus stop location must be made in writing to the school principal and then forwarded to the Transportation Department. The Transportation Department will make the final decision after conferring with the local school principal.

Note: The bus driver has full authority over students while they are riding the bus. Bus drivers are expected to be firm, yet fair with each student. If a problem occurs, the bus driver will first attempt to resolve the issue with the child’s parents. If there is no change, then the bus driver will report the transportation violations to the Principal who will impose consequences.

**Carpool**
- Students who are car riders will begin dismissing at 2:40 p.m. In order to ensure the safety of our students, please observe the rules pertaining to cars entering and leaving school grounds.

1. All cars must ENTER the campus through the Martin Middle School parking lot entrance and EXIT through the Valley Grande exit.
2. Parking in the carpool line is not allowed until 2:30 p.m.
3. No children will be allowed to leave the school grounds to meet a car.
4. Students will only be allowed to load cars between the two front walkways. Students will NOT load on the side of the building to avoid waiting in the carpool line. This interferes with the safety procedures that are in place for dismissal.
5. Parents are asked to remain in cars during loading. Smaller children/siblings not attending school are not allowed to play on school grounds during this time.
6. All students must be picked up by 3:05 p.m.

**TRANSPORTATION ARRANGEMENTS CANNOT BE CHANGED AFTER 2:00 P. M.** All changes must be in writing and signed by legal parent/guardian. All notes must be delivered to school by student/parent. In cases of emergency a fax or email will be accepted (call to confirm receipt of email/fax).

● Visitors should observe quietly and not interact with the teacher or the students, nor assist students, unless this has been discussed with the teacher prior to the visit. (See Volunteers)

● Students will not be allowed to participate in field trips or special activities until insufficient funds are paid.

Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist that is administered by the special education department.

W. CLASSIFICATION OF VIOLATIONS AND SANCTIONS

It is fundamental that an orderly school have clearly defined behaviors to which students must conform. Non-conformity to these behaviors becomes violations of the code of student conduct. Violations are grouped in three classes (Class I, Class II, and Class III) which range from the least to the most serious. School officials shall investigate, verify, and take the necessary action to resolve student misconduct. After determining that a violation has occurred, and the class of the violation, the Principal shall impose the appropriate sanction. Violations apply to student conduct on a school campus, at school related events, or while being transported to or from school related events.

Each teacher will deal with general classroom disruption through effective classroom management and involvement of parent or school counselors. Only when the action taken by the teacher is ineffective, or the disruption is severe, should the student be referred to the principal or his/her designee.

Below is a listing of each class violations and possible sanctions. As the violations increase in seriousness, the severity of the possible sanctions increases. Definitions of violations are based upon the 1975 Code of Alabama, Title 13A (Criminal Code), Title 28-3-1 (Alcoholic Beverages), and Title 20-2-2 (Controlled Substances).

Attendance Statement

All students are expected to be in attendance each day unless they are sick or in the case of a family emergency. In case of absences, a written note explaining the absence is required upon the student’s return to school. **No more than three (3) parent/guardian written excuses will be accepted per semester.** Excuses beyond that number will be considered unexcused. Failure to provide a written explanation not later than three (3) days from the date of the absence shall result in an unexcused absence. As explained in the Dallas County Board of Education’s Attendance Policy, too many unexcused absences can result in a student not being promoted to the next grade or not receiving course credit.

EXCUSED ABSENCES

Absences will be excused for the following reasons:

1. illness;
2. death or serious illness of an immediate family member;
3. weather preventing attendance;
4. legal requirements, such as a subpoena or other required court appearance; and
5. the prior permission given by a Principal;
6. legal quarantine

Students granted excused absences shall be permitted to make up work, tests, and other missed assignments and activities. It shall be the responsibility of the student (and his or her parents and/or guardians) to check with teachers to make up missed work. In all cases, students must make up missed work within five (5) days after a return from an excused absence.

Gifted Education in the Dallas County School System

Gifted students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student’s abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.
To make a referral, contact your child’s teacher or the school counselor. For further information call the Special Education Department at 872-7075.

Dallas County Schools
Student Human Immunodeficiency Virus (HIV) Policy

Dallas County School System shall strive to protect the health and safety of children and youth in our care, as well as their families, our employees, and the general public. Staff members shall cooperate with public health authorities to promote this goal. The presence of a person living with HIV infection or diagnosed with acquired immunodeficiency syndrome (AIDS) poses no significant risk to others in the school, daycare, or athletic settings when current guidelines are followed.

A. Students
A student with HIV infection has the same right to attend school and receive services as any other student, and will be subject to the same rules and policies. HIV infection shall not factor into decisions concerning class assignments, privileges or participation in any school sponsored activity.

School authorities shall determine the educational placement of a student known to be infected with HIV on a case-by-case basis by following established policies and procedures for students with chronic health problems or students with disabilities. Decision makers must consult with the student’s physician, parent/guardian; respect the student’s family privacy; and reassess the placement if there is a change in the student’s need for accommodations or services. School staff members will always strive to maintain a respectful school climate and not allow physical or verbal harassment of any individual or group by another individual or group.

B. Privacy
Pupils are not required to disclose HIV infection status to anyone in the education system. HIV antibody testing is not required for any purpose. No information regarding a person’s HIV status shall be divulged to any individual or organization without a court order or the informed written, signed, and dated consent of the person with HIV infection; or the parent/guardian of a legal minor. The written consent shall specify the name of the recipient of the information and the purpose for disclosure.

All health records, notes, and other documents that reference a person’s HIV status shall be kept lock and key. Access is limited to those named in written permission from the person, parent/guardian and to emergency medical personnel. Information regarding HIV status will not be added to a student’s permanent educational or health record without written consent.

C. Related Services
Student’s shall have access to voluntary, confidential, age and developmentally appropriate counseling about matters related to HIV infection through the assigned nurse to a particular school.
School administrators shall maintain a confidential linkage and referral mechanisms to facilitate voluntary student access to appropriate HIV counseling and testing programs, and to other HIV related services as needed.

Public information about resources in the community shall be kept available for voluntary student use.

D. HIV and Athletics
The privilege of participating in physical education classes, athletic programs, competitive sports, and recess is not conditional on a person’s HIV status. School authorities will make reasonable accommodations to allow student’s living with HIV infection to participate in school-sponsored physical activities. All employees must consistently adhere to infection control guidelines in locker rooms and all play and athletic settings. Rulebooks will reflect these guidelines. First aid kits must be on hand at every athletic event. All physical education teachers and athletic program staff will complete an approved first aid and injury prevention course that includes implementation of infection control guidelines. Student orientation about safety on the playing field will include guidelines for avoiding HIV infection.

E. HIV Prevention Education
The goals of HIV prevention education are to promote healthful living and discourage the behaviors that put people at risk of acquiring HIV. The educational program will:
❖ Be taught at every level, Kindergarten through grade twelve.
❖ Use methods demonstrated by sound research to be effective.
❖ Be consistent with community standards.
❖ Follow content guidelines prepared by the Center for Disease Control and Prevention (CDC).
❖ Be appropriate to student’s developmental levels, behaviors, and cultural background.
❖ Build knowledge and skills from year to year.
❖ Stress the benefits of abstinence from sexual activity, alcohol, and other drug use.
❖ Include accurate information on reducing risk of HIV infection.
❖ Address student’s own concerns.
❖ Include means for evaluation.
❖ Be an integral part of a coordinated school health program.
❖ Be taught by well-prepared instructors with adequate support.
❖ Involve parents and families as partners in education.

Parents and guardians will have convenient opportunities to preview all HIV prevention curricula and materials. School staff members shall assist parents or guardians who ask for help in discussing HIV infection with their children. If a parent or guardian submits a written request to the principal that a child not participate in a specific prevention topic, and assures that the topic will be discussed at home or elsewhere, the child shall be excused without penalty. In classroom sessions, all materials and resources should be researched based on age and grade level appropriateness according to the Alabama Health Education course of study.

F. Staff Development
All school staff members will participate in a planned HIV education program that conveys factual and current information; provides guidance on infection control procedures; informs about current law and state, district, and school policies concerning HIV; assists staff to maintain productive parent and
community relations. Certain employees will also receive additional specialized training as appropriate to their positions and responsibilities.

G. Infection Control
All employees are required to consistently follow infection control guidelines in all settings and at all times, including playgrounds and school buses. Schools will operate according to the standards put forth by the U.S. Occupational Health and Safety Administration for the prevention of blood borne infections. Equipment and supplies needed to apply the infection control guidelines will be maintained and kept reasonably accessible.

A school staff member is expected to alert the person responsible for health and safety issues of a student’s health condition or behavior presents a reasonable risk of transmitting an infection.

Note: If a situation occurs at school in which a person might have been exposed to an infectious agent, such as an instance of blood-to-blood contact, school authorities shall counsel that person (or, if a minor, alert a parent or guardian) to seek appropriate medical evaluation. Infection Control guidelines should be posted in the school. (See attachment)

Parents/guardians will be required to sign documentation to acknowledge receipt of the policy or material.
Dallas County School System
Head Lice (Pediculosis) “No Nit” Policy

The Dallas County School System has adopted a “no nit” Policy. A “no nit” policy requires: (1) removal of lice eggs (nits) after treatment and (2) exclusion of children until nits have been removed. Further, this policy was determined to be the best option for the Dallas County School System because it helps to: (1) encourage parents to screen their children at home; (2) eliminate diagnostic confusion; (3) prevent transmission and reinfection; (4) reduce the need for additional treatment. Effective control of pediculosis in the school setting enables students to remain in school and improves the potential for successful learning.

Pediculosis capitis, also called pediculus or head lice, is a common problem for children and their families. The head louse is a wingless insect that lives on the human scalp and lays eggs (nits) in the hair. It cannot hop or fly, but crawls rapidly. Because the head louse is very difficult to see, it is usually diagnosed by the presence of nits. It is transmitted by personal physical contact or common use of combs, brushes, or headgear.

An enormous amount of time, energy, and money is involved in the treatment of pediculosis by schools and families. If children are not treated and/or their home and school environment are not properly cleaned, they will likely become reinfested. Most children identified with pediculosis can be treated that day and return to school the following day. Usually no more than three days should be required for effective treatment.

The following guidelines will be used to implement a prevention and control program for effective control of pediculosis in the Dallas County School System:

1. The System Nurse will coordinate in-service training for teachers and other school personnel regarding proper screening, classroom prevention, and control techniques at the beginning of each school year and as needed throughout the year. In-service training will address, at a minimum, the following:
   a. Confidentiality.
   b. Identification of pediculosis and nits.
   c. Respect for sensitivity of students and families regarding pediculosis.
   d. Precautions regarding self-contamination and cross-contamination.
   e. Treatment options.
   f. Precautions and myths regarding treatment.
   g. Resources for treatment.
   h. Reassessment and readmission requirements.
   i. Environmental safeguards for classrooms.
   j. Importance of educating students about pediculosis.
2. All schools that have experienced pediculosis outbreaks during the school year will implement a consistent screening program. Outbreaks occur most often in young children, but can occur in any age group.
3. Notify the child's teachers, bus drivers, etc., as appropriate.
4. Students identified with pediculosis should be sent to the office or health room while respecting the student's confidentiality. Thus, bringing the student to the office or health room should be as inconspicuous as possible. Students with pediculosis should be separated from other students while waiting to go home. Extreme care and attention should be given to avoid embarrassment to any student, particularly if there is a delay in parents picking up the child. Again, the confidentiality of all children identified with pediculosis should be a major consideration.
5. Ask parents to come to the school to take the child home. This meeting provides an opportunity to talk with the parent about treatment procedures as well as to confirm the presence of infestation. Notification should be in a private setting to protect confidentiality.
   a. Provide parents with a letter stating that pediculosis was found and provide written and verbal instructions for treatment and home cleanup that address the three steps in the control of pediculosis.
      i. Treating with a pediculicide product.
      ii. Removing the nits.
      iii. Cleaning the home/car environment.
   b. Teach parents how to screen for pediculosis.
   c. Advise parents to notify the parents of neighboring children or frequent visitors to their home or other activity sites (sports, gymnastics, etc.) of the possibility of pediculosis infestation.

**Requirement for Re-admittance to School**

a. The procedures to recheck and readmit children sent home with pediculosis in the office or health room after they have been treated are as follows:
   b. Rechecks should be done in a private setting and in the presence of the parent.
   c. One or two teachers and/or school nurse should be permanently designated to recheck children before class, rather than be assigned hall or bus duty.
   d. These teachers should be trained not only to recognize pediculosis infestation, but also to provide additional education to parents in a non-threatening manner, when children are not clear of pediculosis on recheck.
   e. The student must have been treated with a pediculicide and be free of nits and lice before being readmitted to school. **If only a few nits are present in the hair, the parent and/or teacher can remove the nits, discard in a plastic bag, and the child can return to class.** Parents should be reminded that many of the pediculicide products require a second treatment. The teacher or nurse should encourage and answer any questions regarding the second treatment or home cleanup during the recheck visit.
   f. No more than three consecutive absences should be considered excused due to pediculosis. After three consecutive days, absences should be considered unexcused.
   g. A special **Return To Class Form** will be given to the student if their recheck shows no lice or nits. This form alerts the classroom teacher that the recheck was done and was clear.

Information Guide for Head Lice (Pediculosis) “No Nit” Policy

The purpose of this document is to provide basic information about head lice and to assist principals in enforcing the regulations for communicable disease control to insure uniformity in procedure system wide.

GUIDELINES:

A. What are head lice?
   ● Head lice are tiny grey or brown insects about the size of a sesame seed that live in human hair and must feed on human blood to survive.
   ● They lay tiny white oval eggs about the size of a knot in a thread called nits. The nits glue to each strand of hair close to the scalp.
   ● Nits are most often found in the hair behind the ears and at the back of the head and neck.

B. How do you get head lice?
   ● Occurs most often with elementary children.
   ● Children get lice from other children through head to head contact,
   ● sharing combs, hats, school lockers, or coats with a louse infested child.
   ● You can’t spread NITS....only LIVE LICE.
   ● Head lice DO NOT spread disease.
   ● Any child can get head lice. It doesn’t matter where they live, or go to school.

C. How do you get rid of head lice?
   ● If evidence of nits or lice is found, brothers and sisters should also be checked. Parents of those children found with lice are notified and asked to pick up their children and treat them. A letter stating that head lice were discovered should be given to the parent.
   ● Parents may obtain non-prescription medication from their pharmacist or obtain a prescription from their family physician. **FOLLOW DIRECTIONS ON THE PACKAGE COMPLETELY.**
   ● When evidence of head lice is found, all students in those classrooms shall be screened. If no additional cases are found, screening may be discontinued. However, if further cases are identified their contacts must also be screened.
   ● Treat your home at the same time you treat your child.
   ● Do the following:
     ● Soak combs and brushes in some of the lice shampoo for 1 hour; or in very hot water for 5-10 minutes.
     ● Wash sheets, blankets and other bedding in the hottest setting of water in the washing machine.
     ● Dry clean non-washable items; or seal these items in a plastic bag for 1-2 weeks.
     ● Vacuum furniture, carpets and mattresses thoroughly.
     ● Treat hair for a second time after 7 days (or follow the manufacturer of the lice treatment’s instructions) to make sure that you kill any lice that may have hatched from nits that might have been missed during the combing, before they lay eggs.
● THERE IS NO NEED TO CUT HAIR. THE SAME PROCEDURES WILL HAVE TO BE FOLLOWED.
● Students who return to school without appropriate treatment will be sent home with a second letter of explanation. No more than 3 consecutive days absence should be considered excused when absence is due to head lice. After 3 consecutive days, absences should be considered unexcused.
● School nurses and each school principal should have a plan implemented to screen, prevent and control head lice.
● All teachers should be made aware of these guidelines.

Questions concerning the above listed guidelines should be addressed to the school nurse, principal and attendance officer.

for English Language Learners (ELLs), FOSTER CARE, HOMELESS, and MIGRANT STUDENTS

Pursuant to the requirements of "The Every Student Succeeds Act of 2015" as amended by Title IX of McKinney-Vento Homeless Assistance Act, all students in foster care, homeless students, migratory students, and English language learners must have equal access to the same free appropriate public education, including public preschool education, provided to other children and youth. This shall be the policy of the Dallas County School System. Such children will be provided the opportunity to meet the same challenging state content and state student performance standards to which all students are held without being stigmatized or isolated.

The enrollment of homeless, migratory, immigrant, students in foster care, and English learners shall not be denied or delayed due to any of the following barriers:

- Lack of birth certificate
- Lack of school records or transcripts
- Lack of immunization or health records
- Lack of proof of residency
- Lack of transportation
- Guardianship or custody requirements
- Social Security Number
- Unaccompanied youth; no guardians

The Dallas County School System will employ practices that increase the awareness of the McKinney-Vento Homeless Assistance Act: Homeless Education program. The district shall notify parents/guardians of homeless children and youth of available resources and assist them in accessing the resources.

The Dallas County School System shall conduct its annual evaluation of its Homeless Education program to determine the effectiveness of the program. The system will adjust practices and procedures as needed to improve the effectiveness of implementation and student achievement.

Enrollment Dispute

If a dispute arises over school selection or enrollment in a school:
• The child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute.
• Local homeless liaison shall be informed immediately of the dispute.
• Dispute shall be resolved at the district level rather than the school level.
• The dispute resolution process shall be informal and accessible to all involved and carry out as expeditiously as possible.
• Parents, guardians, and unaccompanied youth shall be informed that they can provide written or oral documentation to support their position.
• Written notice of the discussion shall be as strict as possible, simply stated and provided in a language the parent, guardian, or unaccompanied youth can understand.
• Notice of the right to appeal to the State if the district-level resolution is not satisfactory shall be given to the parents, guardian, or unaccompanied youth.

**DEFINITION:** Section 725(2) of the McKinney-Vento Act defines "homeless children and youths" as individuals who lack a fixed, regular, and adequate nighttime residence. The term includes:

• Children and youth who are: - sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to its "doubled-up"); - living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations; - living in emergency or transitional shelters; or - abandoned in hospitals;

• Children and youth who have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;

• Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or wain stations, or similar settings; and

• Migratory children who qualify as homeless because they are living in circumstances described above. The McKinney-Vento Act no longer includes children and youths who are awaiting foster care placement in the definition of "homeless children and youth." For all non-covered" States, this change is reflective on December 10, 2016.
